#### TALKS

##### **Creating the best environment for language learning**

Prof Elena Lieven, The University of Manchester

##### **What's the difference between 2-year-olds and 3-year-olds?**

Dr Anna Theakston, The University of Manchester

#### WORKSHOPS

**Babies know a lot:** How does this relate to  
language learning?

**Learning more than one language:**  
Are children really confused?

**Children say the funniest things:**  
Clever mistakes that children make

**Now it's getting complicated:**  
The language that children experience at school
