

3rd Annual LuCiD Language and Communicative Development Conference
Thursday 6th and Friday 7th July 2017
The Storey Institute, Lancaster

Keynote speaker: Evan Kidd (Australian National University)

Call for papers

This year's conference will be organised under [LuCiD's 5 research themes](#), and offers an opportunity to discover more about the research produced by the centre and its affiliates.

Abstracts for talks can be submitted by researchers in LuCiD, or LuCiD affiliates*. We strongly encourage postdoctoral researchers and Ph.D. students to submit abstracts. The details of the themes can be found on the LuCiD website (<http://www.lucid.ac.uk/research>). Researchers considering submitting a paper are advised to discuss this with the theme and work package leads or supervisors.

Priority will be given for talks for which data has already been collected, and those planning to present their talk at major conferences. However, submissions are welcome for work that is either planned, or currently in progress.

Prizes will be given for the best Ph.D. talk, and the best postdoc talk.

Abstracts should be a maximum of 500 words, with a single supplementary page for figures, tables, and references.

Please send abstracts to Dr. Louah Sirri (l.sirri@lancaster.ac.uk), and include the following:

- 1) Name and Institution
- 2) Which theme(s) your abstract pertains to
- 3) Information about submission to another conference and acceptance information
- 4) Abstracts of no more than 500 words (plus a single supplementary page)

Deadline for abstracts: 25th May

Notification of acceptance: 8th June

**LuCiD Affiliates means anyone working on research linked to language and communicative development within a relevant department at one of the LuCiD North West universities*
